

# GET CREATING!

GIVE THANKS AS YOU DRAW, SKETCH, TRACE, PAINT, COLOR

## TODAY'S CHALLENGE

Take a sheet of paper (either blank or one to color, such as Sadelle's coloring page), and let you pen or pencil do the walking. Either color the page, if you are using a coloring sheet, trace the path of a labyrinth (if one is printed on the sheet, such as on Sadelle's), or draw a spiral out from the edge of the page to end in the center.

If you don't have access to pens, pencils and papers, or aren't otherwise able to physically draw something, imagine drawing a spiral in your mind.

Take a little time to do this, and give thanks for the creative gifts that have been given to you as you do.

SHARE: an image or description of your creation in the Facebook page.

**Remember to offer encouragement / comment on Facebook posts added by others** (not necessarily for today's challenge).

Enjoy!
